About

SUSI is Ireland’s single national awarding authority for all higher and further education grants. We began processing in 2012, replacing the sixty-six local awarding authorities who had previously processed student grant applications.

SUSI offers funding to eligible students in approved full-time third-level education in Ireland and also, in some cases, funding for students studying outside the State. We offer support to all types of students, from school leavers to mature students returning to education.

We process applications under the criteria set out in the Student Support Act 2011, the Student Support Regulations and the Student Grant Scheme – this legislation can be found in our “Resources” page on the SUSI website. (www.susi.ie)

Year on year process improvements mean that SUSI now delivers:

- A user-friendly informative website;
- More automated validation of the online application form;
- Streamlining of the internal processing of applications;
- Extended data sharing with Government Departments and agencies;
- Increased stakeholder engagement; and
- Enhanced functionality of the online grant eligibility reckoner.
